

# Safety

At Empire, our commitment to safety is unparalleled. We realize that when choosing a luxury ground transportation provider, safety is, and should be, a primary concern. Over the years, our team has worked tirelessly to ensure that every time you ride with us you are 100% comfortable and your safety is never in jeopardy.

## **Our Chauffeurs**

Empire Limousine only employs chauffeurs with impeccable driving records. Our chauffeurs are fully licensed and undergo thorough background checks prior to being hired. Our chauffeurs use GPS, are required to attend ongoing driver safety and customer service training, are randomly tested for drugs and alcohol, and have their driving records (MVR) checked constantly.

## **Our Vehicles**

Our diverse fleet of luxury vehicles are maintained by our dedicated staff mechanics and detailers. We perform routine maintenance checks on all vehicles to ensure that they stay running even in the most hazardous conditions. Our vehicles are properly registered and replaced constantly to guarantee you are always riding in the newest models with the most updated safety features and amenities.

## **Our Commitment**

To further ensure your safety, Empire Limousine utilizes GPS and fleet tracking technology in all our vehicles. This technology mitigates risk by improving driver behavior and assessing liability in collisions. Combining sight and sound, expert analysis and driver coaching, these units have reduced vehicle damages, workers' compensation, and personal injury costs by 50 percent in more than 100,000 commercial, government and consumer vehicles.
